

Champ

March 4, 2020

Champ- he was more than a just a dog. He was a brother, son, nephew, husband, father and friend. He made us laugh until we cried and understand the true meaning of unconditional love. Champ was just 7 years old at the time of his passing at home. In 2014 when Champ was just 1 years old , he was rescued from a home in Marcus Hook, PA where he was being abused and neglected. We brought him into our home with open harms and he changed our lives forever. He made our family complete by reminding us to play, smile and laugh. His favorite toys were ropes and rubber balls. He was happiest when he could go on truck rides with his dad, eat ice cream, cuddling at home, run in fields, go to work with his dad and playing tug a war with his human family along with his wife (Lady) and son (Diesel). Champ was easy going and a general soul. He knew how to put a smile on everyone's face by being silly. He was very loved by both family and friends. He is survived by his rescue parents Brittany and Chris, grandfathers- John and Edward, aunts and uncle- John, Mona , Linda, several nieces and nephews- Adrian,Niyah, Mikey and Amari. He is survived by his fur family- wife lady and son Diesel. He will be furever missed by both his human family and fur family. We are grateful for the time we had with such a beautiful soul.
