

Kelly

April 20, 2020

Kelly also known as Kell Bell was the best helper and shop dog who would follow us anywhere we went and had the BIGGEST HEART ♡! She was the meaning of unconditional love. Her favorite past time was digging holes in the yard, sun bathing by the river, ripping up squeaky toys, busting through screen doors , going for rides to get ice cream, taking walks, trips to the beach, playing fetch, and sneaking a peanut butter sand-which or two or three. She spent 14 years with us and there was never a day that she didn't want to be right by our side. Even though her face turned gray she still had the soul of a puppy and had the heart of a queen. She wore the crown in her family! Kelly was a companion to our children growing up by participating in dress up sessions and supervising bike and skateboard tricks and sometimes even joining in. Our house seems empty without her and she took a huge part of our hearts when she left. We will forever miss her and her big brown eyes that told a thousand stories and a smile that reminded us every day of what pure love was. We are so lucky to have earned her love. We hope you know Kell Bell how much you were loved and still are our sweet girl. Just like the song title we always said described you Kelly.....you were Easy Like Sunday Morning . We are so heart broken without you and will will always love you and miss you our beautiful girl.

Survived by her human parents Joanna & Jason :

Her human brothers Justin & Jason Jr

Her human sisters Jenna & Stephanie.

Kelly is also survived by her best fur buddy Bo: her fur brother Opie and her fur sister Kiwi.

Kelly is also survived by her fur cousins Natasha, Beans, & Pickles.

Rest In Peace Kell Bell. You will always be a part of us & in our hearts forever
